ABOUT US

We offer unique value laden medical aid products that cater for all the socio-economic clusters within Zimbabwe. The scheme offers affordable available, and accessible medical plans underpinned using smart technologies in the distribution chain. Quest Vitality medical aid scheme has innovative cutting age, disruptive medical aid solutions through the medical aid tokens and tailor-made medical aid plans that focus on primary health care service provision to improve the lives and livelihoods of the Zimbabwean populace. Primary Health Care provision is the most inclusive, equitable, cost-effective, and efficient approach to enhance people's physical and mental health, as well as social well-being.

Quest Vitality Medical Scheme has established a network of primary, secondary, tertiary, quaternary, and the quinary service providers that offer cost-effective patient-centred medical treatment thus creating congruency between premium payment and health-service provision. Quest Vitality Medical Scheme also rides on digital platforms such as e-consult such that health services are available to geographically remote areas of the country.
